

From the Worship Pastor Search Team:

FBC Centerville is seeking God's best as we search for a Worship Pastor to lead our congregation. We currently enjoy a blended style of worship using both modern hymns and praise choruses as well as the great historic hymns of our faith. Our instrumentation includes piano, percussion, bass guitar, and electric guitar. FBCC is also blessed with many who have vocal talents. We use both praise team and choir and hope to see each of these grow into the future. There are many who sing solos as well as those who sing in groups.

Our worship times can best be described as celebration. We desire to use music and other elements which are uplifting to our spirits. Toe tapping and hand clapping are just as welcome as times of contemplation and prayerful expectation in our worship services. We love to laugh and greet one another and consider fellowship as a part of worship right alongside praying, singing, preaching, listening and giving.

We are looking forward to a worship pastor who will embrace both historic hymns and modern songs as he and our pastor prayerfully plan for each worship service, which includes Sunday morning and evening as well as Wednesday evenings. We are blessed to also have a youth praise band which is excellent.

We desire for our worship pastor to be a people person, having excellent skills in ministry as well as musicianship. He will not only direct and lead what currently exists, but will seek to grow the worship ministries of FBCC.

Education and experience are important to us. Our worship pastor will have both musical training and experience in his background. Seminary level training is preferred. We seek someone with a knowledge of reading and directing music, as well as understanding instrumentation with a desire to teach others the same. Our worship ministry relies heavily upon the use of computers, A/V equipment and various software such as ProPresenter, Wirecast and Adobe products. Therefore, technical experience and knowledge in these areas will be essential. We are blessed with capable people who work in the A/V booth during our worship services. Our worship pastor will work closely with them as well.

Of course, there is more to music ministry than making music. We are looking forward to relationships being fostered as our new worship pastor truly fulfills a role of pastoring alongside our senior pastor. As this will be an associate pastor role, our worship pastor will also be involved in our visitation process which will include hospitals, homebound, nursing homes, and prospective members, as needed.

FBCC is a doctrinally conservative SBC church. Our worship pastor will have a strong love for our God as well as a deep love and respect for His Word. We use the Baptist Faith and Message (2000) as our doctrinal statement. Our worship pastor and his family will be people of integrity who love God's church and desire to be a part of what God is doing at FBCC.

If God is leading you to this sort of ministry, we encourage you to pray about submitting your resume to our search team. As we pray for God to provide for our ministry, we also pray He will provide for yours. We look forward to finding the right candidate where God answers both our prayers at the same time.

By His Grace
